

Fact Family - Addition & Subtraction

Write four different facts for each fact family house.

1) 19 12 7

$\square + \square = \square$

$\square + \square = \square$

$\square - \square = \square$

$\square - \square = \square$

2) 7 5 2

$\square + \square = \square$

$\square + \square = \square$

$\square - \square = \square$

$\square - \square = \square$

3) 16 3 13

$\square + \square = \square$

$\square + \square = \square$

$\square - \square = \square$

$\square - \square = \square$

4) 12 6

$\square + \square = \square$

$\square + \square = \square$

$\square - \square = \square$

$\square - \square = \square$

14 0 4

$\square + \square = \square$

$\square + \square = \square$

$\square - \square = \square$

$\square - \square = \square$
