Eric wanted to play baseball on National Goof Off Day. There was one big problem. He had a bat. He had a glove. He didn't have a baseball. His father took him to a store. Eric chose three baseballs that cost \$5.95 each. His father said he would pay \$5.50. Eric paid the rest. How much did Eric pay?

Sara and Jenna want to buy a goose down pillow for their mother. Their father told them that down pillows are very expensive and it would be very hard for them to save so much money. They still want to try to save the money by Christmas. Their father told them that if they save half of the money that he would pay for the other half of the cost. A goose down pillow costs \$110.00. How much money will they have to save before Christmas?

Jessica is at the toy store, and she brought her money to spend. She has 4 ten dollar bills and 15 five dollar bills. She wants to buy a toy that costs \$27.47 and a fidget spinner that is in the final sale section for only 85 cents. There is no tax at this store. She wants to prepare the bills to give the cashier before she goes there. Which bills should she take out of her wallet?

Start on the **B** circle. Do not pick up your pencil. Draw a line going left, right, up, or down. **Every line must end on a circle. No stopping on an empty box.** Try to collect all the circles and finish your last line on the **E** circle. You can go through a circle more than once.

Part of the line has already been drawn for you.

Didn't get them all? That's ok. This was hard.

I missed _____ circle(s).
