

# Valentine Printable Activities

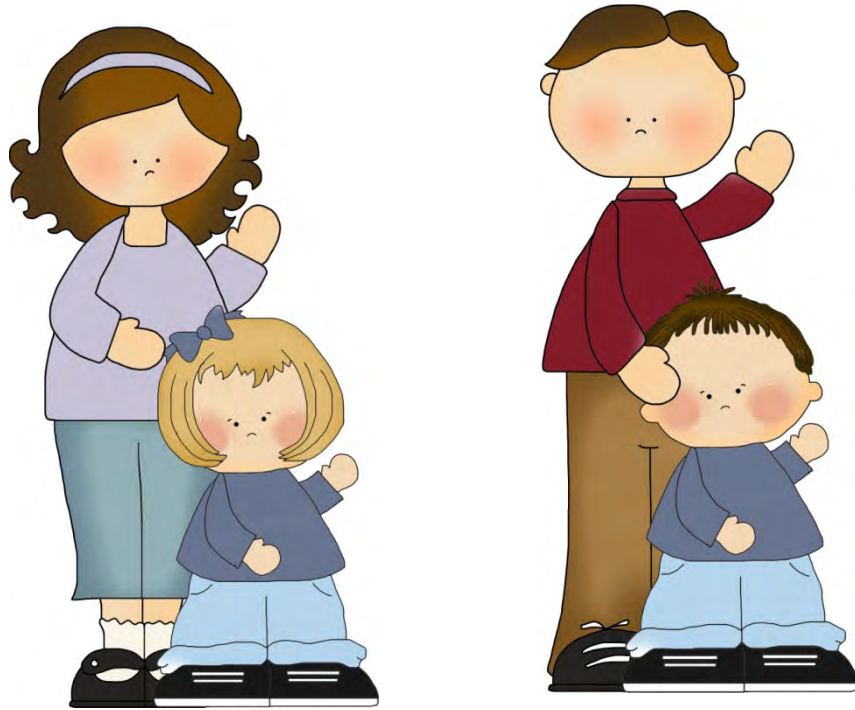

This section has the worksheets/crafts for your “Valentine's” theme. Worksheets are theme related and also include the letter V, number 7, shape heart and color red.

There are enough sheets to do several each day. Pick and choose the sheets you wish to use each day and print up.

Don't feel bad if you don't use all the sheets. Alternate and use different sheets the following year.

# Parent Activities

Parents are their children's first teachers. To make parents more involved with their child/ren's learning, print up 1 or more sheets to send home each week on Friday.

If using Friday Folders each week, place pages on the left hand side. Label the left side of the Friday Folder "Parent Activities".

Children love to color. These sheets will give them the opportunity to do that, while learning. They will be using their small motor muscles, literacy and math skills, depending on what sheets you print up.

# Valentine Flip Book

Directions: Print sheets up on white card stock. Trim all the pages on the black lines. Leave the cover and back whole, and cut the other sheets in half. Make sure you cut all the sheets evenly.

Place the back cover 1<sup>st</sup>, and all the number cards in order. Place the pictures of the valentine pictures in random order. Place the cover on top.

You can either bind the book or put rings on the top of the page to keep the book together.

# Object of Valentine Flip Book

Object of this book is for the child to match the number on the left with the correct number of valentine pictures to the right.

## Valentine's Day Necklace

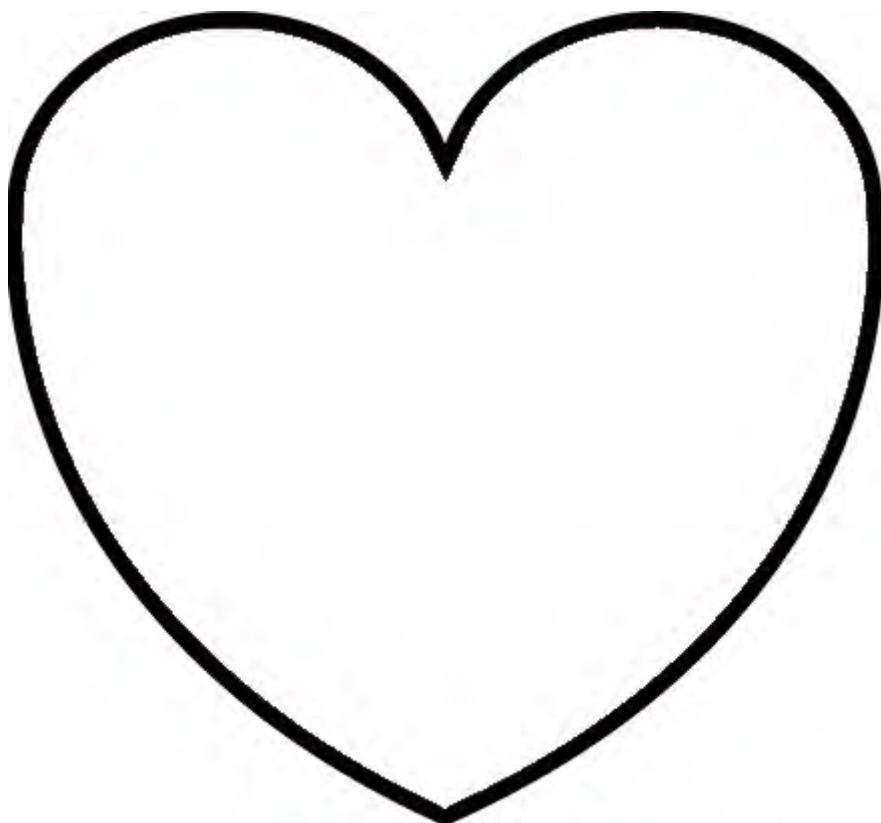

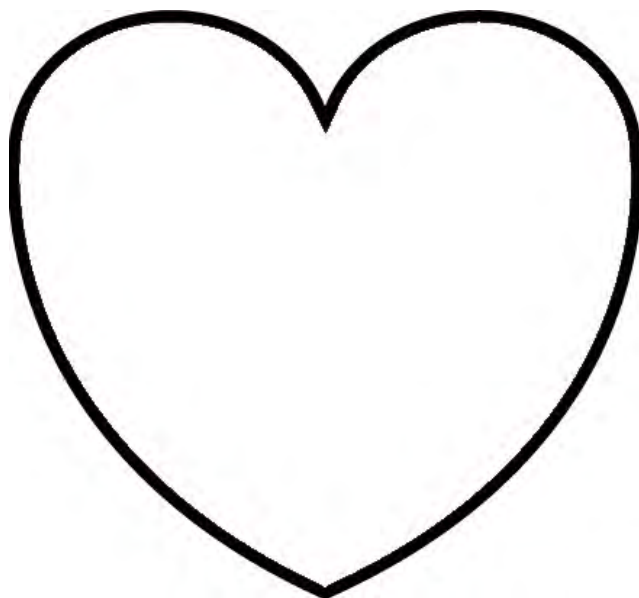

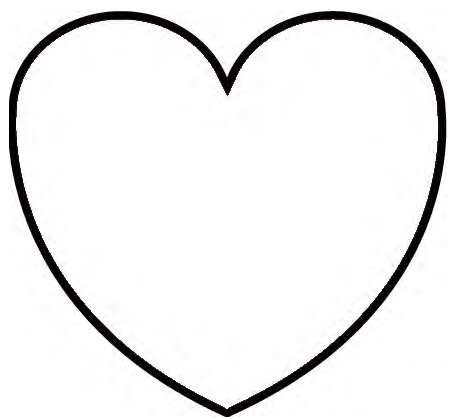

- Print up on white card stock. Color and cut out Valentine's Day Necklace. (1 per child).
- Make a hole in the top of the badge. Pull a length of yarn or string through the hole.
- Thread round cereal or colored noodles on each side of the Valentine's Day necklace.
- Tie both ends of the yarn together to make a necklace.
