Week of May 4

	Lesson Practice	119
Saxon Math	K (for use with Lesson 119)	

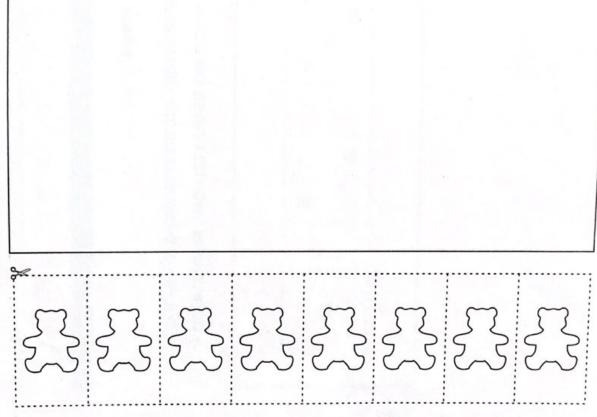

Name	

Parent: Assist your child as he or she colors and cuts apart the teddy bears at the bottom of this paper. Ask your child to use the teddy bears to act out the story below as you read it. Make up additional stories for your child to act out. Ask your child to make up a story for you to act out.

Story: Five teddy bears jumped into the pool. Three more teddy bears jumped in. How many teddy bears are in the pool now? It's rest time. Clear the pool.

Repeat with 4 teddy bears jumping into the pool and 3 more teddy bears jumping into the pool.

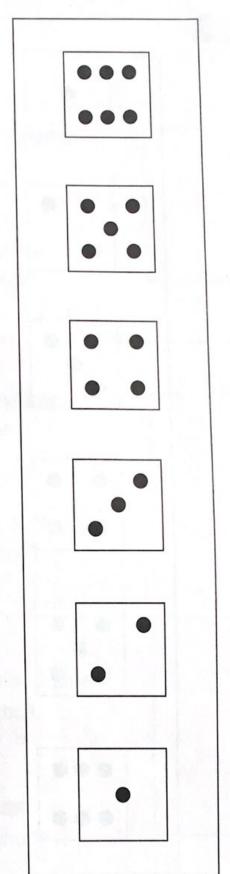

Guess and Check

Francois is playing a board game with two dot cubes. After his first roll he counted 9 dots. Circle two dot cubes he could have rolled to have a total of 9 dots.
