In this singular and plural nouns game, students make singular nouns plural and spell the plural forms. Players take it in turns to turn over one word card and one picture card. If a player turns over a singular noun (e.g. a match) and a corresponding plural picture, the player says the plural form of the noun in the picture and spells it, e.g. two matches, M-A-T-C-H-E-S. If the two cards match and the plural form and spelling are correct, the player keeps the cards and has another turn. If the two cards don't match, the player turns them back over. The student with the most cards at the end of the game wins. In this free singular and plural nouns activity, students complete a crossword by changing singular nouns into plural nouns. Working alone, students read the singular noun for each clue and write the plural form of the noun in the crossword. The crossword contains plural nouns that end in -s, -es, -ies, -ves, irregular plural nouns and nouns that have the same singular and plural form. When the students have finished, review the answers together as a class by asking one student to read a clue and another student to write the plural form of the noun on the board. Students score one point for each correctly spelt plural noun. The student with the most points wins. Here is a singular and plural nouns worksheet for elementary students. Students begin by writing plural forms of nouns in four groups (plural nouns ending in -s, -es, -ies, and irregular plural nouns). Students then do an exercise where they put each singular noun into its correct group and write the plural form. Students then move on to choose the correct answers in a set of sentences. Finally, students correct mistakes in sentences that use singular and plural nouns and rewrite them. Here is a fun singular and plural nouns board game to help students practice plural nouns and their spelling. Students take it in turns to roll the dice and move their counter along the board. When a student lands on a square, they say what they see in the picture by making a sentence using the plural form of the singular noun under the picture, e.g. 'I see two butterflies'. The student then spells the plural noun. The referee checks the student's spelling of the plural noun on the answer key. If the sentence and spelling are correct, the student scores two points. If not, the student doesn't score anything. The game ends when a student reaches the finish. The referee then adds up the scores and reveals the winner.
