Alphabet checklist — guidelines

The checklist (see pages 42-43) can be used at the beginning of each lesson with students who are developing their awareness of the alphabet and phonics.

If the learner, from the visual stimulus, can produce the letter name, eg A = /eɪ/, then tick the Name? column. Otherwise, mark a cross.

If the learner can produce the phonic sound, eg A = /æ/, then tick the Sound? column.

If the learner can produce a remembering word for this pattern (eg A = apple), then tick the final column.

Over time, the pattern of ticks and crosses will indicate the particular letters and sounds the student has difficulty with, allowing the teacher to develop remedial work in that area.

The sheet could be adapted to include digraphs and blends, eg ch/ sh/ th/ ea/ oo/ ee and so on.

NB: It is worth varying the order in which the letters are tackled. Some pre-literate students master the sequence of letter-names and sounds, but are unable to recognise the letter when asked out of sequence.
